How the Scholarship works

You should make contact with the BHPA school of your choice in order to get the lower section of the application form completed. Be aware that there are hill and tow schools.

1. Decide if you want to fly paragliders or hanggliders
2. Find out which schools you can get to offer the type of flight you want. We advise thinking about which type of flight and which launch method would best suit you to help narrow down your list of potential schools.
3. Contact and/or visit the school(s) to discuss the flight.
4. **With** the school complete the appropriate application form in full and return it to Flyability along with any evidence or additional information.
5. Flyability will authorise the funding for the tandem flight/training and give the school a funding authority number which is valid for 12 months.
6. Do the flight within the next twelve month period.
7. After the flight the school sends the details to Flyability along with an invoice for the flight for up to the limits of the scholarship.
8. You pay the school any costs in relation to the flight that are in excess of the Flyability subsidy.
9. **Tell us how it went!** We are always interested in your photographs, stories, videos, poetry – any feedback about your experiences flying. Ideally we'd like to share this feedback on our website so that other disabled people can share and learn from your experiences and so that we can demonstrate to the people who donate money that their donations are making a difference.

Eligibility criteria

The basic criteria for qualifying for a Flyability tandem flight is that you must be in receipt of either Disability Living Allowance/Personal Independence Payment. We're aware that DWP are tightening the criteria for DLA/PIP and while we use this as one way of providing evidence that you are disabled we're more than happy to consider other evidence (e.g. a letter from a doctor/social worker/support worker/teacher).

Flyability Tandem Scholarships are open to UK residents only. If you are providing evidence other than DLA/PIP entitlement (which is only awarded to UK residents) then please also provide some proof of UK residency.
